This is a detailed exploded view diagram of a mechanical assembly, likely a pump or engine component. The diagram shows 199 individual parts, each labeled with a number. The parts are arranged in a way that illustrates their relative positions and how they fit together. Key components include a large cylindrical housing (140), a central shaft (137), a piston (136), a crankshaft (135), and various connecting rods (188, 189). The diagram also shows a complex network of hoses (105, 108, 147, 164) and electrical wiring (115, 116). The parts are numbered from 1 to 199, with some numbers appearing multiple times for identical components. The diagram is a technical drawing, likely for a repair manual or parts catalog.
